Awareness of Trends in Technology Activity Report-2022-23

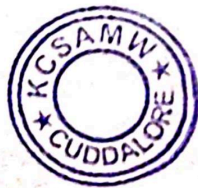

The Institution has collaborated with Mr. Rahim, Crypto Marketing & PR India, and Block chain Media. Agency, Chennai for enhancing different areas of cyber security such as cryptography, web security. "Awareness on Network Security and Cryptography" programme was organized for 45 students from III UG & II PG Commerce, partnering with local businesses and non-profit organizations to provide cyber security assistance and about safe practices were highlighted, scheduled on 15.09.2022.

Department of Computer Application conducted awareness programme related to "Data Protection day" on 28.01.2023. The purpose of this program was to insist the awareness for promoting privacy and to protect data in best way. Dr. (Mrs.) R. Vijayalakshmi, Head & Associate Professor in MCA, Krishnasamy College of Engineering & Technology, Cuddalore gave her special speech on "Data Production and its Importance's". III BCA students presented a paper and conducted quiz on Security measures in their classes. Through this program students gained knowledge about thinking privacy first in their daily actions when connected to online devices.

Department of Physics conducted awareness programme in "Data analytics using Tableau" organized by Dr. D. Shoba, Assistant Professor of Physics., it involves examining, cleaning, transforming, and modeling data to uncover valuable insights that drive decision making. On 09.02.2023, 27 students from III & II UG physics were the beneficiaries in the programme.

Department of Computer Application conducted certificate course on "Internet of Things" by Next Gen Solutions, Cuddalore. Mr. J. Jayanthram, managing director, Next Gen Solutions, to enhance knowledge about the concepts of IOT. 46 students from III- BCA were beneficiaries from the course. Duration of the course is 30 hours from 14.03.23 – 17.03.23.

Skill Enhancing Course for III UG & II UG of all the department students focused on practical skills that are increasingly valuable in today's digital age. Adobe Visual Design likely involved learning tools like Photoshop, Illustrator, and in design to create and manipulate visual content effectively. Digital Marketing, on the other hand, covered strategies for promoting products or services online through channels like social media, email marketing, SEO, and digital advertising. These courses are highly relevant as businesses and organizations increasingly rely on digital platforms for marketing and communication. They provided students with hands-on skills that are directly applicable in various industries, preparing them for careers in design, marketing, advertising, and related fields.
