

Best practice

Title: word of the day

Objective: "vocabulary is a matter of word building as well as word – using."

1. To acquire a high proficiency in the use of English.
2. To help the students to improve the vocabulary every day.
3. To equip the students with the knowledge of application of vocabulary.

Context:

- ❖ The word of the day is designed to imparting a basic level vocabulary for all the students of the institution.
- ❖ Teaching specific words to support understanding of texts containing those words.
- ❖ Teaching word- learning strategies that students can use independently.
- ❖ Promoting the development of word consciousness using word play activities to motivate and engage students in learning new words.

The practice:

All the students of our institution from various disciplines are well trained in English language skill by the department of english. The word of the day is posted daily on the white board at the entrance of the department of english to enrich english vocabulary for the students development of reading comprehension and writing skills. Students interact with the new words in different throughout the day.

Evidence of success

Learning a new word can create a whole cascade of thinking that leads to better mastery of a language .the positive feedback from the students about the improvement of larger vocabularies achieve better results.

Problems encountered:

Students did not think about the time & place to use such a word.

Resources required:

Staff members motivate the students to learn new words from the word of the day.

Title: Neradi Thodarpil(Thinam oru thagaval)

Objectives:

“Books are the bless which carry the quickening problem from one to another mind”.

1. To develop the students as learners, find information and apply knowledge to their academic and personal lives.

2. To help the students to enhance their study and research skills.

3. To help the students to achieve their educational goal.

Context:

Neradi thodarpil (thinam oru thagaval) is a vital valued activity in the library .through this activity students develop their ability to find, evaluate and use information efficiently and ethically.

The practice:

The librarian is conducting the neradi thodarpil (thinam oru thagaval) activity daily during the lunch hour (1.1.15pm) to scrutinize the knowledge of students for their improvement in library during that time the willing students share their current affairs, employment news, social issues and other information.

Evidence of success:

This activity act as a platform to share individual information to other students. It paves a way to share ones ideologies to their group.

Problems encountered:

Neradi thodarpil activity paves the way to gain more information but due to time limitation the beneficiaries are less in count.

Resources required:

Staff members insist the students to make use of the easy availability of library resources for their future betterment.
